Some students spend more time checking out a three hour blind date than they do investigating a professor with whom they will spend an entire semester. Make sure that you feel comfortable with the instructors you choose.

- Select instructors as carefully as you select classes.
- You're the customer here. The college is your department store, so get what you want. You paid for it.

Accounting	Education	Marketing
Anthropology	Engineering	PE
Architecture	Finance	Political Science
Art	Geography	Psychology
Business Law	Health	Sociology
